SENATOR CLAPP, whose patriotic course in the last Legislature endorsed him to all State credit men, has written a letter to the Nashville American expressing his regret at the failure of the fifty and four proposition, and

Much less can we afford, without a desperate and presistent struggle, to 1879. The advance in American pig yield the Government of the State to those who have disgraced it. It is a mistake for an editor of a newspaper, a lawyer, a clergyman or a stump-speaker to suppose slander whoever may incur their displeasure, or whoever may differ with them in politics and religion. Touching the late unpleasantness in San Francisco, which began in a furious war of words and ended in the shooting of the Rev. Isaac S. Kalloch, and the narrow escape from a mob, of Charles De Young, one of the editors of the San Francisco when Mr. Kalloch became the candidate of the Sand-lotters for Mayor, he had every reason to be- is nothing like the genuine Dr. C. lieve that his unsavory personal McLane's Celebrated Liver Pills, record would be ventilated. The talk about ignoring a candidate and looking alone any disease arising from a disto the platform upon which he may ordered liver, they have no equal. be nominated, is all bosh, as experience and observation teaches us.

We have seen two or three verin DeYoung shooting Kalloch, neither of which are creditable, in all respects, to the parties to the difficulty. It was legitimate for DeYoung, editor of the Chronicle, to speak of Kalloch's record, but if he dragged Kalloch's father's name before the public, with whose character the people of San Francisco have nothing to do and are in nowise interested, it was not right, and it was perfectly natural for Kalloch to retaliate.

It compares to the difficulty. It was legitimate for the Chronicle, to speak of Kalloch's record, but if he dragged Kalloch's father's name before the public, with whose character the people of San Francisco have nothing to do and are in nowise interested, it was not right, and it was perfectly natural for Kalloch to retaliate.

It compares to the circular. The combination method, which this firm has made so successful, enables people with large or small means to reap all the benefits of largest capital and best skill. Thousands of orders, in various sums, are pooled into one vast amount and co-operated as a mighty whole, thus securing to each shareholder all the advantages of the largest operator. Immense profits are divided monthly. Any amount, from \$5 to \$5, 600, or more can be used successfully. N. Y. Baptist Weekly. September 20th, 1878, says, "By the combination system \$15 would make \$75, or 5 per cent.; \$50 pays \$550, or 7 per cent.; \$100 most successful ver adepted." DeYoungs as the bastard progeny of a prostitute," he overstepped the bounds of all decency, and if mere words will ever justify a man in taking the life of another, DeYoung was justifiable. Mrs. DeYoung is seventy years old, and is vouched for as a lady of good character. No matter what her past life may have been, it ill becomes any man, and especially a professed minister of the Gospel, to indulge in such language towards her sons, and they

would have been less than human not to resent it. He had a right to say anything that was true about those with whom he was engaged in a bitter controversy, but to drag their mother's name into the dirty contest was unchristian, ungentlemanly and cowardly to the last degree. His position as a candidate for Mayor, nor as a professed minister of the Gospel, gave him any such license.

Newspaper men, stump-speakers and others, have a right to speak of the personal character of those who seek positions of honor and trust, so long as they keep within the bounds of truth, but when they step aside to traduce the memory of one's ancestors they lay themselves liable to censure and to severe pun-

The Delaware ship-building firms are about to secure and divide between them a heavy Russian con-tract of \$20,000,000 for a fleet of iron

propeller corvettes. The lumber trade is unusually active and prosperous at all the great centres. From Boston the reports are consentaneous as to an increased activity in wool, hides and that their relations to the public gives them license to traduce and there speak of "a buoyant and animated consumptive demand," and the factories are reported to be extremely active, delivering 20 per cent. more goods than they did during the corresponding week of last year. From Chicago, St. Louis, Philadelphia and Kansas City, we have the same cheering reports of an active fall trade opening early and promising well. Undoubtedly all this is a reflection of the enormous exports of grain and provisions last year and this, as well as a product of other causes.
